

# AMAN GUPTA

Enthusiastic Front-End Developer with expertise in ReactJS and JavaScript, seeking opportunities to contribute to innovative projects in Front-End development. Bringing a total of 2.6 years of experience in software development, including 1.6 years at TCS and 1+ year as a Front-End Freelancer Developer. Adept at creating responsive and user-friendly web applications.

## EXPERIENCE

### Freelance Front-End Developer, Remote

November 2022 – PRESENT

- Collaborated closely with cross-functional teams, including designers and backend developers, to ensure seamless integration of front-end components.
- Developed and implemented user interface modules for startup websites under the E-Commerce companies' umbrella, showcasing proficiency in ReactJS.
- Played a key role in the development of a template shopping website for a startup E-commerce business, incorporating modern design principles and ensuring a responsive and intuitive user interface
- Utilized React Hooks, managed Event Handling for dynamic user interactions, implemented efficient data Mapping techniques, and employed Conditional Rendering to enhance the user experience.

### Xotiv Technologies | Full Stack Developer

- Developed a robust Authentication API for a turf management project, focusing on security and access control.
- Optimized database management with MongoDB for an immersive frontend website.
- Pioneered the construction of a Fuel Assistance Project beta version, employing a comprehensive tech stack.

### Tata Consultancy Services, New Delhi

Assistant Software Engineer

April 2021 - October 2022

- Spearheaded development of backend system for a real-time payment system in Israel's major government and Digi-banks to transform fund transfer times from 2 days to instantaneous, leveraging Java, SoapUI (frontend), and Swagger (backend).
- Led the payments team, enabling seamless account mobility through SWIFT, cheques, and bank transfers overseeing deployment management and JIRA administration.
- Earned recognition from clients in Israel, including bonus awards and accolades. Received the Star Employee Award at TCS for consistent excellence.
- Introduced HashMap's to replace the array system, significantly enhancing development efficiency and storage optimization.

## EDUCATION

### B. Tech (Information Technology) 2015-2019

Guru Gobind Singh Indraprastha University, Delhi

CGPA - 8.5

### CBSE, Delhi — XII 2013-2014

Percentage-78.4%
